

Have a recipe for fun creativity for yourself and your kids

Ingredients:

-  **The Wipe House**
-  **Permanent markers**
-  **Sellotape**
-  **Scissors**
-  **ACETONE FREE nail polish remover** – This is your eraser.
Wet lightly a tissue and remove unwanted paint.
You can also use it in case you wish to remove The Wipe House sign 

How to use the templates

1. Print the templates.
2. Cut out a template you wish to paint.
3. Attach the cut-out to The Wipe House with Sellotape.
4. Draw over the lines of the template. Use a thin marker and apply some pressure, so the ink goes thru the paper and leaves the outline on The Wipe House.
5. Remove the template.
6. Paint within the outline and create a beautiful Wipe House with your personal touch!
7. Want to change? Erase the painting and follow the steps above to make your next piece of art.

Wishing **you** wonderful **quality** time!
